EXTENDED CARE

OBJECTIVE: The Extended Care Program of St. Veronica Catholic School was established in January 1986 and continues to this day in order to provide high-quality, reasonably priced child care to our school families.

PHILOSOPHY: St. Veronica Catholic School Extended Care Program is an extension of the school. It shares the same philosophy and policies. We strive to provide a safe, loving environment for your child. We stress careful supervision and friendly interaction. We offer a variety of activities in order to make the out-of-school hours here as pleasant as possible.

HOURS OF OPERATION: Before school from 6:45 am to 8:00 am. After school until 5:45 pm.

STAFF: Our program is implemented by our Director who is certified in CPR, first aid, and early childhood education with the help of aides who are all certified in first aid and CPR.

SNACK: In the morning we provide a light breakfast. In the afternoon we provide a drink and snack.

BILLING: Billing is per use basis. All Extended Care payments are handled through Smart Tuition and included in your monthly invoice.

RATE: \$8.00 per hour/child or portion thereof in 15 minute increments.
There is a monthly cap of \$350 per child and \$700 per family.

REGISTRATION: Every child enrolled at St. Veronica Catholic School is also enrolled in the Extended Care Program. Each family is required to fill out and return a Permission to Release form.

Due to CoVid, availabliltiy may be limited by space. If that is the case, preference will be given to children of essential workers and children who attend regularly.
